

# AP40T10GI-VB Datasheet N-Channel 100-V (D-S) MOSFET

| PRODUCT                  | SUMMARY                         |                    |
|--------------------------|---------------------------------|--------------------|
| V <sub>(BR)DSS</sub> (V) | $r_{DS(on)}(\Omega)$            | I <sub>D</sub> (A) |
| 100                      | 0.034 at V <sub>GS</sub> = 10 V | 50 <sup>a</sup>    |

#### **FEATURES**

- Trench Power MOSFET
- 175 °C Junction Temperature
- Low Thermal Resistance Package
- 100 % R<sub>g</sub> Tested

#### **APPLICATIONS**

• Isolated DC/DC Converters

N-Channel MOSFET

| Parameter   |                                     | Symbol                            | Limit            | Unit |  |
|---|-------------------------------------|-----------------------------------|------------------|------|--|
| Drain-Source Voltage                                |                                     | V <sub>DS</sub>                   | 100              | V    |  |
| Gate-Source Voltage                                 |                                     | V <sub>GS</sub>                   | ± 20             | V    |  |
| Continuous Drain Current (T <sub>.1</sub> = 175 °C) | T <sub>C</sub> = 25 °C              |                                   | 50 <sup>a</sup>  |      |  |
| Continuous Diam Current (1j = 175 C)                | T <sub>C</sub> = 125 °C             | I <sub>D</sub>                    | 28 <sup>a</sup>  |      |  |
| Pulsed Drain Current                                |                                     | I <sub>DM</sub>                   | 120              | Α    |  |
| Avalanche Current                                   | L = 0.1 mH                          | I <sub>AS</sub>                   | 31               |      |  |

- To be used only for process drawing.
  These dimensions apply to all TO-220, FULLPAK leadframe versions 3 leads.
  All critical dimensions should C meet C<sub>pk</sub> > 1.33.
  All dimensions include burrs and plating thickness.
  No chipping or package damage.

# **Disclaimer**

All products due to improve reliability, function or design or for other reasons, product specifications and data are subject to change without notice.

Taiwan VBsemi Electronics Co., Ltd., branches, agents, employees, and all persons acting on its or their representatives (collectively, the "Taiwan VBsemi"), assumes no responsibility for any errors, inaccuracies or incomplete data contained in the table or any other any disclosure of any information related to the product.(www.VBsemi.com)

Taiwan VBsemi makes no guarantee, representation or warranty on the product for any particular purpose of any goods or continuous production. To the maximum extent permitted by applicable law on Taiwan VBsemi relinquished: (1) any application and all liability arising out of or use of any products; (2) any and all liability, including but not limited to special, consequential damages or incidental; (3) any and all implied warranties, including a particular purpose, non-infringement and merchantability guarantee.

Statement on certain types of applications are based on knowledge of the product is often used in a typical application of the general product VBsemi Taiwan demand that the Taiwan VBsemi of. Statement on whether the product is suitable for a particular application is non-binding. It is the customer's responsibility to verify specific product features in the products described in the specification is appropriate for use in a particular application. Parameter data sheets and technical specifications can be provided may vary depending on the application and performance over time. All operating parameters, including typical parameters must be made by customer's technical experts validated for each customer application. Product specifications do not expand or modify Taiwan VBsemi purchasing terms and conditions, including but not limited to warranty herein.

Unless expressly stated in writing, Taiwan VBsemi products are not intended for use in medical, life saving, or life sustaining applications or any other application. Wherein VBsemi product failure could lead to personal injury or death, use or sale of products used in Taiwan VBsemi such applications using client did not express their own risk. Contact your authorized Taiwan VBsemi people who are related to product design applications and other terms and conditions in writing.
